5 STAR PROGRAM

Dear Delegate,

We are delighted to have the opportunity for an Educational Psychologist expert from the UK to be joining us. Mr Garner is a former Principal, Superintendent and Director of Education who now consults on Educational projects on a national level. As a teacher leader development expert, he will be sharing some models and best practices to support teachers becoming leaders and leaders supporting teachers.

“What makes a great school? Is it the building? The facilities? The curriculum? For me it’s the people. A harmonious approach to education involves the leaders recognising the value and trusting the talent within the school. Collaborating with faculty, parents and students to drive real value as they continue through this educational journey together.”
